## Introduction

This booklet, another in the day care series, has been prepared by the National Day Care Information Centre, The Canada Assistance Plan. It will provide sources of information for:

- community groups wishing to study the need for day care services in their community
- parents who are choosing a type of out-of-home care for their child
- and interested individuals who want to know more about day care services before providing them.

We have chosen, from the larger bibliography, books and articles which may answer the questions most often asked by Canadians. The selections should be readily available at your local library; if they are not, please consult with your librarian. He will be in a position to contact the provincial inter-library loan services. As much as possible, we have tried to find articles and books which deal with Canadian experiences. The individual titles are presented in whatever language they are published.

## Avant-Propos

Cette brochure, qui fait partie de la série sur la garde de jour a été préparée par le Centre national d'information sur la garde de jour, le Régime d'Assistance publique du Canada afin de procurer une source de renseignements sur les différents aspects des services de garde de jour. Elle a été préparée à l'intention particulière:

- des groupes de citoyens afin d'étudier le besoin de service de garde de jour dans leur quartier;
- des parents qui cherchent une forme de service à l'extérieur de leur domicile pour leurs enfants; et enfin,
- des personnes qui envisagent de diriger un tel service.

La liste qui suit est nécessairement incomplète. Le choix des articles a été basé sur deux critères: la facilité de se procurer le document et la pertinence du contenu pour les Canadiens. Si vous êtes incapable de trouver un des articles ou un des livres, veuillez consulter votre bibliothécaire. Il sera en mesure de communiquer avec les services provinciaux de prêt interbibliothèque. Vous noterez que la langue utilisée est celle dans laquelle le document a été publié.

## **CHILD DAY CARE . . . WHAT IS IT?**

Almost 1,000,000 Canadian children receive care during the day from a person other than their mother. Where are these children?

- in a day care centre with groups of other children?
- in a family home with a small number of other children?

Are children of all ages involved?

- infants?
- pre-schoolers?
- school age children?

## **LA GARDE DE JOUR DES ENFANTS . . . QU'EST-CE QUE C'EST?**

Presque 1,000,000 de jeunes Canadiens reçoivent des soins durant la journée d'une personne autre que leur mère. Où sont ces enfants?

- dans une garderie avec un ou plusieurs groupes d'enfants?
- dans un foyer avec quelques enfants seulement?

Est-ce que des enfants de tout âge peuvent avoir besoin de services de garde de jour?

- les bébés?
- les enfants d'âge préscolaire?
- les écoliers?
